

AMENDED IN SENATE APRIL 6, 2006

SENATE BILL

No. 1471

Introduced by Senator Kuehl

February 23, 2006

An act to add Division 120 (commencing with Section 151000) to the Health and Safety Code, relating to sex education funding.

LEGISLATIVE COUNSEL'S DIGEST

SB 1471, as amended, Kuehl. Sex education programs: requirements.

Existing law establishes requirements for the provision of sex education.

The existing California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act, authorizes school districts to provide comprehensive sexual health education, as defined, in any kindergarten to grade 12, inclusive, and ensures that all pupils in grades 7 to 12, inclusive, receive HIV/AIDS prevention education, as defined.

Existing law enumerates various requirements for comprehensive sexual health education and HIV/AIDS prevention education. Existing law requires a school district to notify the parent or guardian of a pupil about instruction in comprehensive sexual health education and HIV/AIDS prevention and empowers a parent or guardian to excuse his or her pupil from all or part of that instruction.

This bill would require any program that provides education to prevent adolescent or unintended pregnancy or to prevent sexually transmitted infections and that is conducted, operated, or administered by the state or any state agency, or is funded directly or indirectly by the state, or receives any financial assistance from the state funds or

funds administered by the state, *including, but not limited to, public schools*, to meet specified requirements. ~~This bill would require any applicant for funds for any program to which this bill applies to sign a form attesting to compliance with the requirements of this bill.~~

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Division 120 (commencing with Section
2 151000) is added to the Health and Safety Code, to read:
